There is never enough time for those who live their days intensely. The multifunction Freeboard is designed for the man who manages to find the right time for every passion he nurtures. A perfect combination of aesthetic and practical elements gives the timepiece its sporting, versatile look. Geared towards the sea, its indices feature twelve flags spelling out the letters of Nautica Watch, and it is water resistant to a depth of 100m.

A rapid glance at the sophisticated version in orange on a dark dial releases a thrill of excitement for the man behind the wheel of a vehicle used to high speeds. The dynamic elegance of the multifunction makes Freeboard the perfect partner for a sporting jacket, to be shown off at any occasion. Different spirits are interpreted by this unique watch, which captures the moment and becomes its protagonist.
