### MOVEMENT

Proprietary depth gauge

### WR

200 m / 20 ATM

### STRAP

Silicone, orange

### DIAL

Black, luminous hands and indexes, reflective ring; temperature, date and depth indicators

Seen through a porthole, time is something special. When you think you've captured it, it sprints off unexpectedly, inviting you to keep up with its inexhaustible dynamism. This is the dimension of Porthole Dive, one of the Nautica collection's most iconic models, with its distinctive porthole-shaped 48 mm case. The bold case body is water resistant to 20 ATM / 200 m depth, while the dial with temperature indicator and depth gauge let you see what's hiding beneath the surface of the sea.

The sporty design and perfect combination of dark blue case with orange silicone strap make it an ideal travelling companion to set sail on the route to freedom. Even when you're far from the waves.
