Nautica Watches presents NCT 19, a finely crafted chronograph that combines high performance with an elegant fashion aesthetic.

Made entirely from steel, it has an attention-grabbing brushed finish on all surfaces, emphasizing the watch's sporty personality. The chic blue denim-colored dial updates the classic two-subdial layout and gives it a fresh contemporary look. Strong and masculine, the 44 mm case contains a quartz movement with tenth of a second precision, while water resistance up to 10 atmospheres makes it suitable for any open air activity, including underwater diving.

The NCT 19 is a versatile timepiece that can be worn for fashion or function, and one that will never go out of style.
